Commission on Reimagining Our Economy

National Academies
February 3, 2025

www.amacad.org

The CORE Score

Category 1: ECONOMIC SECURITY

- Financial durability (using a credit-bureau index of household wealth and income)
- Percentage of households without a financial housing burden (spend less than 30 percent of total income on housing)
- Share of households above the Supplemental Poverty Measure

Category 2: ECONOMIC OPPORTUNITY

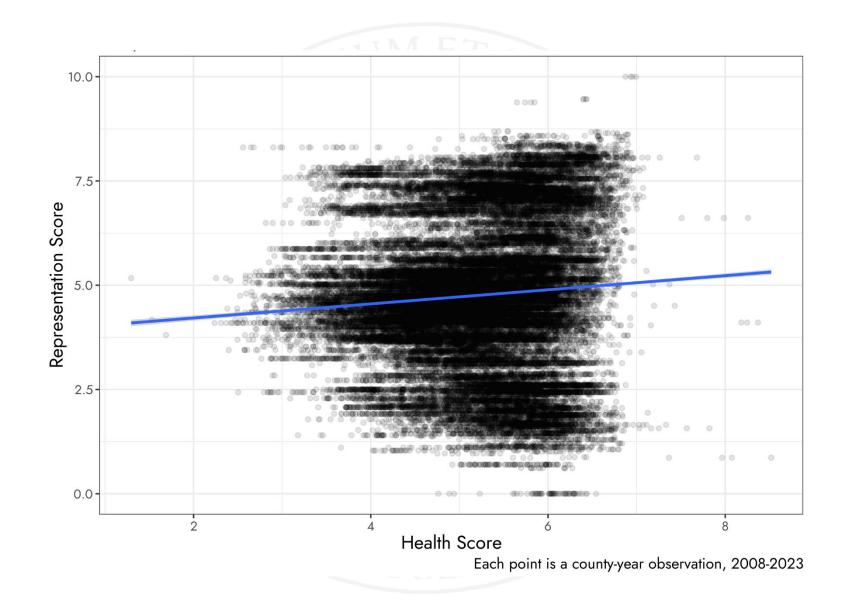

- Prime age labor force participation rate
- Average education level
- Median wage growth

Category 3: HEALTH

- Individual life expectancy
- Percentage under age sixty-five with health care coverage

Category 4: POLITICAL VOICE

- Voter turnout
- Civic participation
- Quality of political representation

Commission Recommendations (Selected)

- 1. Redesign safety nets to ensure stability
- 10. Create a training and financing program to help working-class Americans run for political office
- 11. Deconcentrate economic power
- 14. Facilitate the creation of robust local and community media
- 15. Promote economic connectedness
