

NAS Neuroscience Forum (Session IV)

The future of non-human primate research in neuroscience and brain disorders

October 4, 2018

How to share GM marmosets across the world?

Hideyuki Okano

Project Leader of Brain/MINDS

Dean and Professor,

Keio University Graduate School of Medicine

RIKEN Brain Science Institute

Brain/MINDS

How to share GM marmosets across the world?

Marmoset colonies in the world

However, the most of airlines do not transport monkeys

It is a big issue for sharing animal, genetic resources and data
